

# BEAT OF THE OLD BĀZĀR

lounge music by Marga

An exciting new release by the exciting new artist, Marga. Written mostly in a Euro-lounge style (à la Buddha Bar) "Beat Of The Old Bāzār" is influenced by the Balkan beats and rhythms of her homeland of Macedonia. With great skill and imagination Marga adds flamenco, Mediterranean and other world flavors and then delivers it all with infectious-ly charming and catchy melodies. One of the freshest sounding and most talented young artists to join the Oasis roster in years.

Finding myself in the middle of the road between the Balkan Folk and the rhythm of the modern music, the drum of life started to beat...instruments talking with each other, groove elements make You dance, voices awaken your emotions...

Take a deep breath, close Your eyes, listen to the Beat, the Beat of Life...and start to move... MARGA

## akasa

(acasa) Sanskrit;

(1) a diffused ethereal fluid occupying space: it has the property of audibleness, being the vehicle of sound, derived from the sonorous rudiment or ethereal atom.

(2) a new label imprint from Oasis that is a gateway to undiscovered music, new tonalities, fluid compositional forms and sonic adventures.
